SILAGREEN ET-BORN GIROLANDO CALF

Asejire, Osun State.

TROPICAL GENETICS. TROPICAL SUCCESS.

Bred here, built to thrive. Embryo Transfer done right. Silagreen led the way. Now let's grow your herd together.

GENETICS THAT PAY

Now it's your turn. [Join the ET revolution.](#) Invest in the technology that multiplies quality. Embryo Transfer is the proven path to elite genetics.

DON'T JUST BREED. ACCELERATE.

Traditional breeding takes generations. Embryo Transfer gives you elite tropical genetics in one generation. Be it Dairy or Beef Genetics, Silagreen will help you.

THE SCIENCE OF SUPERIOR

Born from Nigeria's first successful Embryo Transfer. Engineered for tropical conditions and built for your herd. Backed by proven results, not just promises.

ELITE GENETICS. READY TO THRIVE.

Not all embryos are created equal. Give your herd the advantage of superior bloodlines, born to perform in your environment. Choose embryos bred here, tested here, and ready to deliver.
